Sir:

This statement is submitted in response to the Notice mailed on June 24, 2004, from the Licensing and Review Section of the United States Patent and Trademark Office.

I, MELVIN J. BULMAN, a citizen of the United States of America, residing at 181 Fall River Drive, Folsom, CA 95630, USA, declare:

That I am a joint inventor in the invention described in patent application Serial No. 10/784,482, filed in the United States of America on February 19, 2004, titled "INTEGRATED AIR INLET SYSTEM FOR MULTI-PROPULSION AIRCRAFT ENGINES;"

that my contribution to the invention was made and conceived while was employed by Gencorp;
that my contribution to the invention is related to the work I am employed to perform and was
made within the scope of my employment duties; that my contribution to the invention was made
during working hours and with the use of facilities, equipment, materials, funds, information and
services of Gencorp; and

That to the best of my knowledge and belief, the invention was not made
(conceived or first actually reduced to practice) under, nor is there any relationship of the
invention to the performance of any work under, any contract of the National Aeronautics and
Space Administration.

I further declare that all statements made herein of my own knowledge are true
and that all statements made on information and belief are believed to be true and further that
these statements are made with the knowledge that willful false statements and the like so made
are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United
States Code and that such willful false statements may jeopardize the validity of the application
or any patent issuing thereon.
